

MEMORANDUM ENDORSEMENT

Edwards v. Daniels, et al.,  
17 CV 5018 (VB)

In the attached letter-motion dated January 17, 2020, defense counsel requests the Court compel plaintiff, who is proceeding pro se and in forma pauperis, to complete and return a HIPAA authorization form. (Doc. #151). On October 17, 2019, defense counsel mailed the authorization form to plaintiff. According to defense counsel, plaintiff has not returned the completed form.

Defense counsel contends records of plaintiff's medical treatment while in DOCCS custody are needed to assess plaintiff's claims for emotional distress and psychological illness. Defense counsel further states that during his deposition, plaintiff testified to his psychological condition and medications he takes as a result of an alleged use of excessive force incident, which is the subject of the instant case.

The Court defers ruling on defense counsel's letter motion. Rather, if plaintiff appears for the case management conference scheduled for February 6, 2020, at 9:30 a.m., the Court will address the motion at that time.

However, it appears the Court's December 27, 2019, Order (Doc. #149), which was mailed to plaintiff, was returned as undeliverable. The December 27 Order instructed plaintiff to update the Court in writing as to his current address, and warned plaintiff, in bold and underlined font, that failure to do so may result in dismissal of this case. (Id.).

In view of plaintiff's pro se status, the Court sua sponte extends to February 4, 2020, plaintiff's time to notify the Court in writing as to his current address. **If plaintiff fails to update his address by February 4, 2020, and appear for the February 6, 2020, case management conference, the Court will dismiss the case for failure to prosecute or comply with court orders. Fed. R. Civ. P. 41(b).**

The Clerk is directed to mail copies of the Court's December 27 Order (Doc. #149) and this Order to plaintiff at the following address provided by plaintiff during the December 6, 2019, case management conference:

William L. Edwards  
881 East 162nd Street  
Apartment 1E  
Bronx, NY 10459

The Court certifies pursuant to 28 U.S.C. § 1915(a)(3) that any appeal from this Order would not be taken in good faith, and therefore in forma pauperis status is denied for the purpose of an appeal. See Coppedge v. United States, 369 U.S. 438, 444-45 (1962).

Dated: January 21, 2020

Re: Edwards v. Argibay et al., 17-cv-5018 (VB)

Dear Hon. J. Briccetti:

In this action, this Office represents the remaining Defendants in this action. This is a letter motion asking the court to compel Plaintiff to complete and return the HIPAA authorization sent to Plaintiff on 10/17/2019, a copy is attached.

As stated in Defendant's letter, at Plaintiff's deposition, Plaintiff testified to several psychological medications and conditions that he seeks to attribute Defendants. Defendants forwarded a HIPAA to allow Defendants to obtain Plaintiff's records from the New York State Office of Mental Health (OMH) for Plaintiff's care while in DOCCS custody. Defendants also enclosed a self-addressed stamped envelope returnable to this Office.

Plaintiff failed to return the completed HIPAA in the enclosed envelope to this Office. However, he claims emotional distress and psychological illness due to the alleged use of force. Defendants respectfully request that Plaintiff be compelled to return the same.

Respectfully,

J. Powers, AAG

**Instructions for the Use  
of the HIPAA-compliant Authorization Form to  
Release Health Information Needed for Litigation**

This form is the product of a collaborative process between the New York State Office of Court Administration, representatives of the medical provider community in New York, and the bench and bar, designed to produce a standard official form that complies with the privacy requirements of the federal Health Insurance Portability and Accountability Act ("HIPAA") and its implementing regulations, to be used to authorize the release of health information needed for litigation in New York State courts. It can, however, be used more broadly than this and be used before litigation has been commenced, or whenever counsel would find it useful.

The goal was to produce a standard HIPAA-compliant official form to obviate the current disputes which often take place as to whether health information requests made in the course of litigation meet the requirements of the HIPAA Privacy Rule. It should be noted, though, that the form is optional. This form may be filled out on line and downloaded to be signed by hand, or downloaded and filled out entirely on paper.

When filing out Item 11, which requests the date or event when the authorization will expire, the person filling out the form may designate an event such as "at the conclusion of my court case" or provide a specific date amount of time, such as "3 years from this date".

If a patient seeks to authorize the release of his or her entire medical record, but only from a certain date, the first two boxes in section 9(a) should both be checked, and the relevant date inserted on the first line containing the first box.
